This section of the report explains the review process in plain words. The committee met several times during the year and discussed how each request should be judged. Members agreed that every proposal needs a clear budget and a named person in charge.

The next pages describe the background of the program. It began several years ago as a small pilot and has since grown into a regular part of the annual budget. Reports from earlier years are available on request from the office.

Staff visited a number of the sites and spoke with local residents about what they needed most. Many people said that safe walking routes and reliable water were their main concerns, and they asked that future funding follow those priorities.
